Tho. H. Montgomery Esq.

My Dear Sir:—

Your letter of the 7th was duly rec.d — I find no drawings in my folios of the alteration of Christ Church. At the time that Mr. H. A. Sims made the addition to the Church on the North, a few years ago, I loaned him some of them, but he never returned them. I wrote to his brother on the 9th about them — Inclosed you will find the pencil notes of what I said — This Morning, rec.d his reply, which you will also find enclosed. I am sorry that I am unable to serve you in this matter. I shall, however, look further, and if I find any thing, will communicate with you.

Very Truly Yrs

Thos. U. Walter

Dear Sir I have yours of date and would say you are rendering the Church a great good by Attempting to endowment account as it has never before done — I have run over your Statement but can find nothing that appears wrong to me — I found Mr Hoffman although he said he never kept books could see through an account very quickly — I know he found some previous entry that had gone wrong and which was straightened up by him — If you desire I would call on him and get him to meet you and myself at his house some evening and get him to go over the account with us —

I notice in the Printed report the Isaac Welsh bond is put down as 1879 should be 1880
